Remarks

Claims 29–56 remain pending in the application. This amendment is substituted for the non-complaint amendment filed with the national phases filing of this application which was not entered. The claims have been renumbered in numeric order including claim 35.

The notice of Non-complaint amendment also required removal of underlining to the added specification paragraph. Please note the previously filed “Clean Copy of Substitute Specification” is without underlining. A Marked Up Copy of Substitute Specification was provided, as well as a Statement as to Lack of New Matter under 37 C.F.R. 1.125(b)(1). These all are requested to be entered.

Applicant believes that no new matter has been added by these amendments and that the application, as amended, is ready for examination. Favorable action thereon is respectfully solicited.

Respectfully submitted,
